*Did you know that Hartford is home to a dynamic and vibrant community featuring housing, a community garden, 4-star restaurant (Firebox) and cafe, education and art programs, job training, art studios, and a community meeting space?*

Welcome to Billings Forge Community Works located in Hartford's Frog Hollow neighborhood. Enjoy light appetizers and learn about their mix of supportive and entrepreneurial programs. All of this revolving around housing, art, food, and a vision to create an urban center for the farm-to-table movement. We will conclude our visit in their fabulous farmers' market, so you can shop before heading back to your home or office.

**LGH Members & 2010 Quest Class Free / All Others \$12**
