Do you know what iQuilt is?

Do you know how many cultural and heritage sites are within 15 walking minutes of each other?

Envisioned as a loose grid of park-to-river pedestrian routes, the iQuilt aims to weave together Hartford's key cultural sites and institutions around the theme of cultural innovation. The Bushnell Center for the Performing Arts and The Greater Hartford Arts Council are co-leading the project, which complements ongoing efforts to revitalize Hartford's economy and its downtown neighborhoods.
