

Lessons in Leadership

LESSONS IN LEADERSHIP is a discussion series for area business, educational and nonprofit leaders interested in improving their leadership understanding and skills. The series is organized around *From Values to Action - The Four Principles of Values-Based Leadership* by Harry M. Jansen Kraemer, Jr.

WHY: Leaders must take time to grow personally for the benefit of those they serve. To foster a sense of common purpose, it is important to find venues where leaders of different disciplines can meet, share their diverse perspectives and identify shared interests.

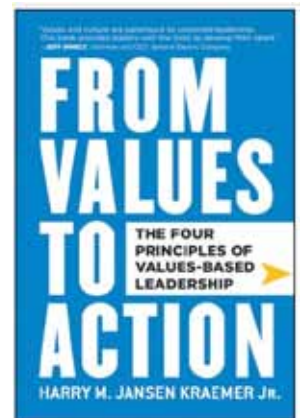

WHEN/WHERE: From 7:30-9am. We will gather in the Crystal Room at Saint Joseph College in West Hartford. Light breakfast fare will be provided. Parking is free and easy.
